LIVESTOCK MARKET

Kansas City Stock Yards, Feb. 4.—"Slow and weak," were the words used to describe the market today. In the case of stockers and feeders "demoralized" was sometimes used. The foot and mouth disease embargo at the eastern markets, quarantines established in southern Kansas and action of Oklahoma in quarantining against all cattle except from Texas and New Mexico had unsettled the trade this week. Bad beef outlet is given as the reason for the lower bids from both packers and order buyers.

Some heavy native steers sold here today at \$8.40, choice quality and finish, good steers at \$7.70, medium and low grade steers at \$6.50 to \$7.50, medium milch cows, \$5.75 to \$6.25, good choice cows \$5.00 to \$7.00. Fresh supply today is 11 thousand head, following 22 thousand yesterday. Yesterday was the heaviest run of any day in February on record here. Quarantine receipts are almost a minus quantity, three cars today, thirty-seven cars yesterday, steers at \$5.75 to \$7.00.

Kansas has been taking three-fourths of the stockers and feeders from here for two months, but the buyers have shut off orders today, pending the outcome of the foot and mouth disease in Northern Kansas. Other country buyers are cautious, and the stocker and feeder trade is at a standstill. The whole cattle trade is in a health ystate and the commission men are advising against hurrying the cattle to market.

Hog trade took on a new impetus today, most of the sales 10 higher, some closing at 15 higher. A long list of sales were made at \$4.50, the top price figure till late, when \$4.65 was paid, practically everything selling within the narrow range of ten cents. Receipts today were 21 thousand head, following the same number Monday. Packers here continue to bring in trail loads of hogs from the surrounding markets, bought at lower prices than are being paid at this place. Fresh pork is selling at a price low enough to make it popular, and liberal runs on hogs can be handled around the present prices.

Sheep and lambs advanced ten to twenty cents today, which puts the price forty to fifty cents above the price a week ago. Early sales of choice lambs were made at \$8.55, and \$9.30 today, late sales reaching \$8.55, medium, ewes \$4.15, choice ewes worth \$6.10, yearling \$7.70.

The receipts are running light at all the markets and must continue until Northern Colorado gets to running good, a week or two hence, and even then the supply cannot become burdensome at this market.

Coyotes Spread Hydrophobia

Washington, D. C., Feb. 4.—The spreading of rabies by infected coyotes among cattle grazing in the National Forest has assumed a great aspect, according to a report received by the forest service from the district forester in charge of the forests in Washington and Oregon. It is in Washington and Oregon. Numerous townships in Eastern Oregon, it is reported, have ordered that all dogs be muzzled lest those that have been bitten by rabid coyotes develop hydrophobia and attack humans and domestic animals.

CADDO HAPPENINGS

(From the Caddo Herald.) Because of an unusually light dock at the regular February term of the county court at Caddo will not be held. There are only two or three cases on the docket, not sufficient business in the opinion of Judge Rap police, to justify drawing the jury, incurring quite an expense.

Charles L. Wildman died at his home in Caddo Monday night at 7 o'clock of typhoid fever, after an illness of a month. The funeral was held at the family residence Tuesday afternoon at 1 o'clock, conducted by Rev. G. L. Crow. Interment was made in the Caddo cemetery conducted by the W. O. W.

Charlie Wildman was thirty-one years of age, in the prime of young manhood, when he was stricken with this dread disease. He leaves a wife and several children and other relatives.

N. T. Beauchamp died at his home in the Caddo Hills Saturday afternoon at 4:20 o'clock, and was buried in the Pleasant Hill Cemetery Sunday afternoon with religious ceremony and W. O. W. honors. Deceased was nearly sixty years of age, was respected by all who knew him, a good man in every respect. He was a member of the Baptist church and leaves a wife and several children besides other relatives.

The stockholders of the Oklahoma State Bank held their annual meeting Tuesday afternoon and elected the same directors who have served the bank for the past year. The directors in turn, elected the same officers for the year. This indicates that the stockholders and the directors were well pleased with the conduct of the bank's affairs during the year. The directors are: W. W. Boone, H. Eichenberger, M. F. Harrison, C. E. Head, and R. P. Brewer.

The officers are: W. P. Boone, president, M. F. Harrison, vice president, H. Eichenberger, cashier, E. J. Harrison, assistant cashier. C. Millican, president; J. B. Moore, vice president; A. U. Thomas, vice president; A. F. Manning, cashier; H. Edwards, A. cashier.

The above named gentlemen with J. A. Moore constitute the board of directors.

Deaths of J. M. Calhoun.

After a lingering illness, extending over a period of two years and a half, the death angel came Monday afternoon and relieved J. M. Calhoun, age 72 years, of his suffering. About two and a half years ago the deceased was stricken with an attack of paralysis which, with Bright's disease caused his demise.

Mr. Calhoun has been a citizen of Durant for the past twelve years, coming here from Sherman, Texas, where he had lived for twenty-eight years.

He was born in Monticello, Kentucky in the year 1842, where he lived until his removal to Texas. In a short time he and his good wife would have celebrated their golden wedding anniversary.

Besides his wife he is survived by three daughters and four sons, as follows: Mrs. S. A. Clark, of Hugo, Mrs. Minnie Lockhart, of Denison, and Mrs. R. B. Herndon, of Denison, J. P. Calhoun of Denison, Tim Calhoun of Shawnee, and W. T. Calhoun of Denison, and Ingram Calhoun of Durant, all of whom were at the bedside when the end came.

Deceased was a member of the Baptist church, having made a confession of his faith more than forty years ago, and lived in religion, spreading good will among all men.

Funeral services were conducted at the family residence, Corner of Evergreen and Sixth avenue Tuesday afternoon at 3:30 o'clock, Rev. J. N. Edwards pastor of the Baptist church officiating.

The entire family has the sympathy of the large circle of friends.

Reserve Bank Payment.

Members of the Federal Reserve Bank paid their second installment to the subscription of the stock on Tuesday of this week. The installment calls for \$2,500,000, or one per cent of the paid up capital and surplus of the institution, or the same as the initial payment.

SQUIRS ABOUT BENNINGTON

(From the Bennington Tribune.)

From County Commissioner Grey Nickels who was here Tuesday we learn that the new bridge across Blue river, southeast of here is about completed, and it is thought the entire work will have been finished Saturday. Mr. Nickels said that the Board of County Commissioners would meet Saturday to either receive or reject it, but he was of the opinion that they would accept it as he considers it one of the best bridges in the county, and says it is very substantially erected. The citizens in this part of the county will be glad to learn that the bridge is soon to be put in use as it is very badly needed.

Many of the farmers of this community have been busy the past few days making preparations to sow oats and many have been here this week hauling out seed oats. All indications point to the largest acreage being planted to oats this season that this part of the country has ever known.

During the windstorm last Friday night Tom Barker's house was blown from the Foundation. With the exception of a little damage to the residence and several shocks by the members of the family, no other damage was done.

County Superintendent C. L. Neely and wife of Durant were here on Saturday and Sunday visiting Prof. and Mrs. McIntosh. Prof. Neely, Prof. McIntosh and Ceph Shoemaker spent Saturday bird hunting and report fine luck.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-Cent Bottle of Danderine Right now.

Thin, brittle, colorless, straggly hair is mute evidence of neglected scalp: of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little danderine tonight—now—any time—will surely save your hair.

Get a 25-Cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance and incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.
